## GENERAL INFORMATION

### 1. Background and Intent

- A. Maryville Housing Development Corporation (MHA) is a high-performing public housing agency serving Blount County. It manages 400 public housing units, 356 housing choice vouchers, 118 one-bedroom high rise multifamily apartments, and six privately owned properties. The agency was the first housing authority to receive a Moving to Work Designation in Tennessee.
- B. Definition/Clarification: MHA uses “suppliers” as inclusive of various words describing interested parties often called “bidders”, “Suppliers”, “contractors”, “proposers” and “vendors”.
- C. The purpose of this solicitation is the selection of one or more suppliers, at a predetermined rate, to provide plumbing services as needs arise across MHA’s Portfolio. While MHA has its own employees who perform plumbing work, from time to time, MHA needs supplemental plumbing services from suppliers. Such needs arise when MHA employees do not have the capacity or when special skill sets are needed. Suppliers do not have to provide every type of plumbing service imaginable to participate in this solicitation. If your company wishes to offer select services only, indicate this in your proposal for MHA’s considerations.
- D. MHA reserves the right to award up to five (5) suppliers to meet its varied needs. IF MHA awards to multiple suppliers, when a job is expected to reach \$3,000 in value, MHA staff will contact all awarded suppliers for a specific quote for the work (based on award cost terms). MHA reserves the right to move forward with any one supplier if its best interests are served.
- E. If MHA awards to multiple suppliers, if costs, supplier expertise, work quality and completion timelines are equal, MHA staff will try to alternate work between awarded suppliers.
- F. Typically, MHA will not use this solicitation for projects if the costs exceed \$25,000. However, MHA reserves the right to do so if it’s in MHA’s best interest.

G. Any agreement resulting from this solicitation will be an “open-end” type of agreement. There is no guarantee that MHA will require any specified or minimum level of services or provided by the supplier.

H. See the Scope of Work section for the technical details.

## 2. Changes After Award

It is possible that after award, MHA will need to revise requirements specified herein. MHA reserves the right to make such changes after consultation with the supplier. Should additional costs arise, the supplier must document increase costs. MHA reserves the right to accept or reject and negotiate these charges. Generally, such changes will not be of a “cardinal” nature.

## 3. Codes and Ordinances

All work covered is to be performed in full accord with national, state and local codes, ordinances and orders that are in effect at the time the work is performed.

## 4. Contact Policy

ONLY contact the Housing Operations Manager about this solicitation until award. Information obtained from an unauthorized officer, agent, or employee will not affect the risks or obligations assumed but the supplier or relieve the supplier from fulfilling any of the conditions resulting award for the purpose of this project. Such contact can disqualify the supplier from the solicitation process.

## 5. Damage

The supplier is responsible for all damage to building, equipment, grounds, premises and all other types of potential damage resulting from the provision of the services requested herein.

## **6. Employees:**

Supplier will:

- A. Provide at least one employee on every job assignment with the ability to speak, read, write and understand English so owner's staff can communicate effectively with them.
- B. Ensure that employees have proper identification displayed while on site, they must wear a company uniform or have photo identification displayed.
- C. Employees parking vehicles (whether corporately or privately owned) must ensure that the company identification is on the vehicles. This may be placards on the vehicle's side, laminated paper with the company name placed on the dashboard or other means.

## **7. Entrance to Sites**

Suppliers' employees are not to be on MHA premises unless they are working on an MHA project. Acquaintances, family members, assistants to any person not working on MHA's behalf will not accompany employees on MHA sites.

## **8. Equipment**

Supplier shall provide all necessary equipment, materials, et cetera needed for the work. Include the cost for such equipment, materials and supplies in the price quoted.

## **9. Evaluation**

- A. MHA alone determines the suppliers "responsive" and "responsible" status prior to award. Responsible means a business with the financial and technical capacity to fulfil the requirements of the solicitation and subsequent contract. A responsive proposal is one that fully conforms in all material respects to the solicitation document and all its requirements, including all form and substance.
- B. MHA reserves the right to request additional information to assist in the evaluation process. This includes references and business capacity information.

- C. MHA will review proposals and reserves the right to request necessary modifications, waive minor technicalities, reject all proposals, reject any proposals that do not meet the mandatory requirement(s) or cancel this RFP, according to MHA's best interests.
- D. MHA's Evaluation team may choose to interview one or more suppliers before making an award.
- E. MHA's Evaluation team may elect to first rank proposals with a simple numeric score and then detail score only the top tier of proposals.
- F. MHA score and award to the best overall proposer(s) on the following evaluation scale:

However, suppliers are subject to Tennessee sale and use tax on all materials and supplies used in the performance of a contract, whether such materials and supplies are purchased by the supplier, produced by the supplier, or provided to the supplier by MHA, pursuant to Tennessee Code Annotated 67-6-209.
